Let's Grow Together.

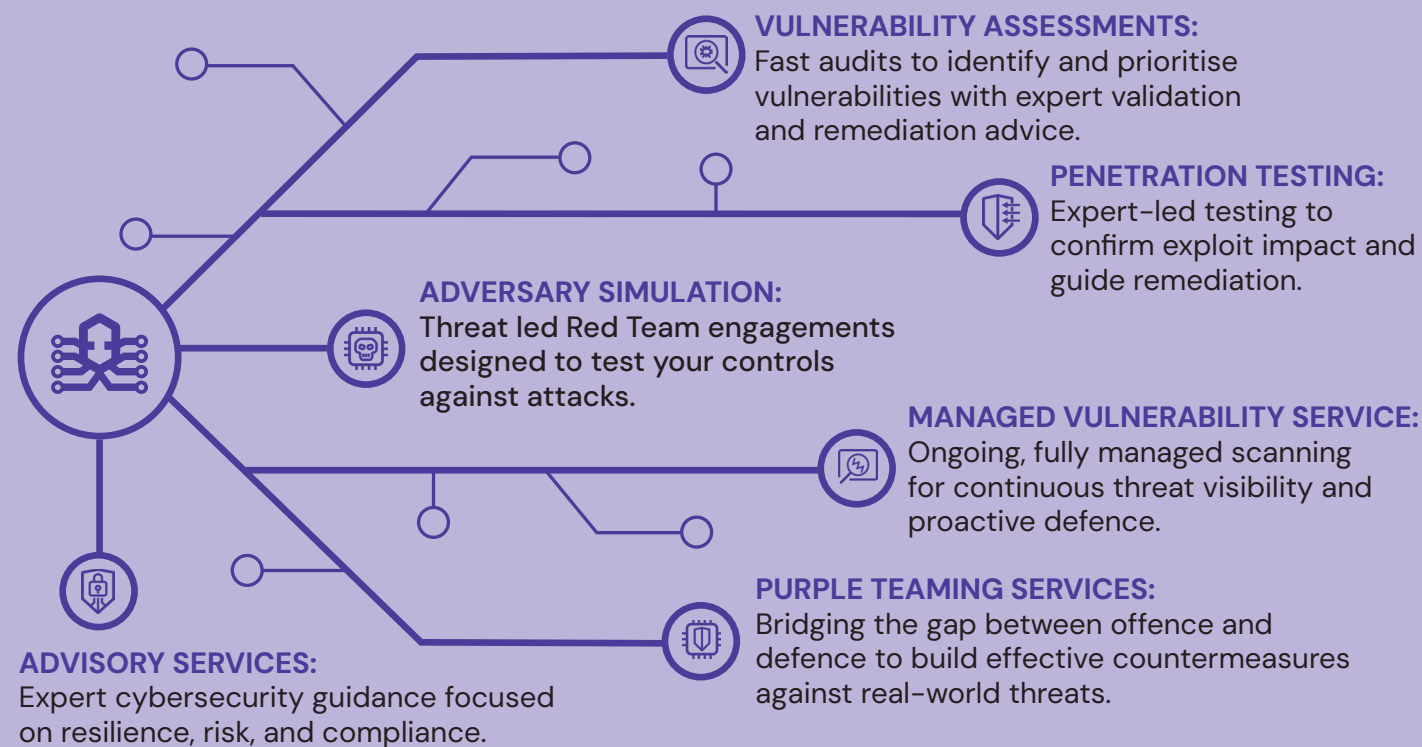

EXPERTLY ENGINEERED CYBERSECURITY SOLUTIONS

Heretek's expertise is rooted in a decade of experience across the Public, Fintech, Gaming, and Defence sectors. Driven by curiosity and technical excellence, we aim to make security an enabler, not an obstacle.

Our **Purple Cybersecurity philosophy** blends Red Team offence with Blue Team defence – delivering dynamic, adaptable protection. We bring a hacker's mindset to every engagement, working hands-on with clients to provide tailored, actionable advice that makes a real impact.

Empower Your Offerings, Elevate Your Value

At Heretek, we know that your clients' cybersecurity needs are diverse – there's no one-size-fits-all solution. That's why we offer a comprehensive suite of expert-led services that you can seamlessly integrate into your portfolio. Whether you're looking to expand your cyber capabilities or enhance your value to clients, our offerings are designed to support you every step of the way.

HERETEK PARTNERSHIP SCHEME

Cyber threats are constantly evolving – businesses need trusted experts to stay ahead. At Heretek, we partner with resellers, MSPs and consultancies to deliver expert-led offensive security services. Our flexible, transparent models help expand your offering and boost revenue. Backed by technical expertise and credibility, plus dedicated sales and marketing support, you can expand your cyber services quickly and effectively.

Partner with Confidence

Credible, Certified Delivery

Expand your portfolio with services delivered by certified, experienced professionals.

White-Label Friendly

We can deliver under your brand with NDA-safe, clear documentation and reporting.

Attractive Revenue Share

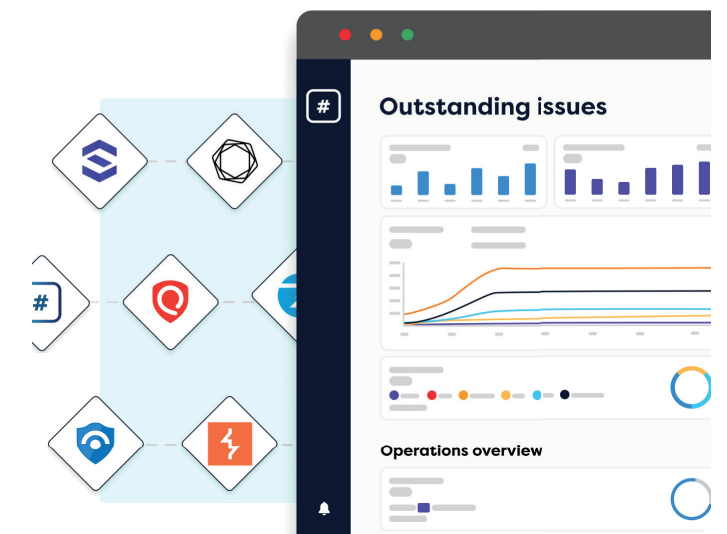

Generous margins and recurring revenue with transparent pricing.

Approachable Pre-Sales Support

From scoping a job, reviewing a proposal, or presenting to a client, we are always by your side when you need us.

Secure Collaboration

All test findings are managed via our secure Dynamic Reporting Management Platform.

Testimonial

"The process was thorough, clearly communicated, and tailored to our environment. Heretek's team's professionalism, responsiveness, and clear reporting helped ensure we not only understood the risks identified but also felt confident in taking the next steps to address them. It was a genuinely collaborative experience."
